

Growth + Grace Digital Labs

Logo Usage Guidelines

Choose the right file

- Color transparent — white or very light, uncluttered backgrounds.
- Color on white — materials that need a fixed white background.
- White transparent — approved dark backgrounds or photography with strong contrast.
- White on navy — materials that need a fixed navy presentation.

Permitted use

• Clients, approved marketing partners, media, directories, and event organizers may use these files only to identify or refer to Growth + Grace Digital Labs in accurate, authorized materials.

Keep it clear

- Keep the original proportions and adequate clear space.
- Do not redraw, recolor, crop, rotate, stretch, outline, or add effects.
- Use the version with the strongest readable contrast; avoid busy imagery.

Restrictions

- Do not imply sponsorship, endorsement, partnership, certification, or ownership without written approval.
- Do not use the logo as your own identity, profile image, product mark, domain name, or merchandise artwork without written approval.
- Do not combine it with other marks or alter its wording.

Approval

• Use related to an active client engagement or approved collaboration must remain within the approved scope. Other commercial, promotional, co-branded, or merchandise use requires written permission. Permission may be withdrawn for inaccurate, misleading, altered, or out-of-scope use.
